U.S. Cyber Command chief Adm. Mike Rogers has made it clear he was ready to unleash all cyber weapons to take out Iran's alleged cyber-warriors — no matter how short-term it would be to kill "the bad guys." But now that President Barack Obama and U.N. Ambassador Samantha Power are reportedly set to strike up a cyber-warriors dialogue with Iran, it's unclear how much longer such a dialogue is needed. We will take a look at all available set ups of the two builds and compare Elden Ring and Golems Breach combat styles to suggest which one fits your play-style.

Builds compared to each other

In this battle, the two versions share the following traits, with Elden Ring chasing the enemy forwards through Golems Breach, and Golems Breach surrounding the player through Elden Ring. Both builds are able to fight from the neutral to the offensive, but Golems
